

Who Benefits

Funds Raised from the Nanaimo Sport Achievement Awards will be used to assist athletes from our community.

The athletes will then have access to money to assist them to cover the costs of their training and competition needs. These funds can be applied to travel costs to national and international competitions, equipment, sport medicine services like physiotherapy, massage treatments and sport psychology as well as sport science services or any other expense associated with their sport.

Your Contribution

The generous support from our local business community, service clubs and private patrons have ensured that the past 10 Sport Achievement Awards Ceremonies have delivered on the commitment to our Athletes and children. There are many different ways in which you can contribute to our continued success and support our local athletes and children. We have outlined many of them in this brochure but encourage you to contact us if you have any questions. *Thank you for all your support.*
